Why Ireland is the perfect place to start operations

Talent

Ireland's Economy

Infrastructure

A Proactive Regulator

Quality of Life

Highly
Educated
Graduates

45% of Irish people aged 23-34 have completed third-level education
Highest level of STEM graduates per capita in EU among 20-29 year-olds.

International
Talent

More than 70% of people moving to Ireland have a third level education.

- 17% of total people employed in Ireland in 2021 are non-Irish
- 5th highest international share of workforce in the EU in 2020

Education
Aligned with
Industry

Programmes tailored to the skills needed. Supported by Government investment, there's a solution for your business needs. Supports for lifelong learning through subsidised or free reskilling and upskilling programmes.

Nurturing a
diverse
workforce

Committed to driving diversity and inclusion - More girls and women in STEM careers, disability sponsorships and support for neurodiversity, widening the talent pool while creating opportunities.
